Universal projector ceiling mount

entertainment

Grab the attention of your audience by dramatically expanding the viewing potential of your presentations, videos and images with this reliable and functional Universal Projector Ceiling Mount from Klip Xtreme®. Compatible with nearly all data and home theater projectors weighing 22 lbs or less, this support is quick and easy to install. Its adjustable pole with a hollow center allows you to keep unsightly cables concealed from view. Equipped with extendable legs and a unique plate configuration, the KPM-580W accommodates diverse mounting patterns, which also fits most projector models available in the market. Its sturdy construction and attractive finish, along with its clean and contemporary look, make it perfect for use in living rooms, classrooms, hotels, conference rooms, convention centers, or anywhere a projector needs to be mounted
